

**AO: Rapid Inventory**<sup>TM</sup>  
AccuCode Objects Infinite Possibilities Inventory at the Speed of Business

## The World's Leading Cloud-Based QuickBooks® Inventory Management Solution.

### What is AO: Rapid Inventory?

AO: Rapid Inventory is AccuCode's Inventory Management solution for QuickBooks. Designed solely to enhance your QuickBooks experience, AO: Rapid Inventory adds real-time, advanced, accurate, and easy to use Inventory Management functionality to your QuickBooks software. Operating entirely in the cloud, AO: Rapid Inventory provides you and your employees with secure access to the inventory information you need at anytime, from any computer with an Internet connection. Including crucial features like multi-warehouse, multi-location, lot number tracking and optional bar code scanning and printing, AO: Rapid Inventory arms your business with the tools necessary to better manage your inventory, wherever your warehouse may be. And, with a 30-Day Free Trial, no long-term commitment, and simple subscription pricing at \$60 per user per month, AO: Rapid Inventory is entirely risk free.

*Whether you've got 1 warehouse or 100, AO: Rapid Inventory is fully integrated with QuickBooks to keep track of your inventory more efficiently, more accurately, and in real-time. If it's lot number tracking you're looking for, bar code scanning, or multi-location, when it comes to Inventory Management for QuickBooks, AO: Rapid Inventory gets the job done.*

AO: Rapid Inventory provides you with secure access to the inventory information you need, from any computer with an Internet connection.

## Top Benefits for Your Business

Completely scalable to fit the requirements and size of your business, AO: Rapid Inventory enables your warehouse workers to manage inventory quickly, easily, and more effectively. Check out some of the top reasons hundreds of companies love using AO: Rapid Inventory.

- ✓ **Multi-Warehouse, Multi-Location:** No matter if you have just 1 warehouse or multiple across the world, each can have its own unique set of locations to help you manage your inventory with more efficiency.
- ✓ **\$60 Per User, Per Month:** Simple and affordable, at \$60 per user, per month, with no long-term contract or commitment. All service and support is included, and provided by AccuCode's extremely helpful and friendly support team.
- ✓ **Scalable and Customizable:** Whether you'll have just 1 user or 100, 2 warehouses or 20, our solution is scalable. Configure AO: Rapid Inventory to fit your basic inventory management needs, or benefit from its advanced features, like optional bar code scanning.
- ✓ **Lot Number Tracking:** Control your lot tracked inventory with more accuracy and precision using our simple picking and receiving processes.
- ✓ **Access Anytime, Anywhere:** We understand that not all your warehouse employees may be in the same location or time zone. All users have secure, real-time access to the system at anytime, from any computer with an Internet connection. No servers or software to setup.
- ✓ **Seamless and Automatic QuickBooks Integration:** Any QuickBooks Pro, Premier, or Enterprise user can take advantage of AO: Rapid Inventory's automatic QuickBooks sync. With up-to-the-minute information transferred seamlessly between the two systems there's no duplicate data entry.
